IN REPLY PLEASE

REFER TO FILE: **T-3**

December 30, 2003

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**RADAR SPEED ENFORCEMENT
SUPERVISORIAL DISTRICT 4
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

Adopt an Order instructing Public Works to coordinate with the California Highway Patrol (CHP) to implement radar speed enforcement on Hawes Street between Mills Avenue and Colima Road in the unincorporated area of Whittier.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Our investigation has verified that a significant amount of traffic on this route in the unincorporated area is exceeding the 30-mph speed limit. High-speed surveillance and pursuit exposes the offender, law enforcement personnel, and the general public to increased accident potential. The use of radar will significantly reduce accident potential.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Service Excellence since radar speed enforcement significantly reduces speeding and accident potential caused by high-speed surveillance and pursuit and, therefore, will improve the quality of life in the County.

The Honorable Board of Supervisors
December 30, 2003

FISCAL IMPACT/FINANCING

Not applicable.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On March 31, 1987, your Board approved a Memorandum of Understanding with the CHP for the expanded use of radar enforcement within the unincorporated area. The Memorandum of Understanding was revised and approved as an agreement between the County of Los Angeles and the CHP by your Board on October 5, 1993. A key provision of the agreement requires the use of radar on any additional routes be subject to mutual approval by the County of Los Angeles and the CHP. The proposed recommendation for the use of radar on this route is in conformance with this provision of the 1993 agreement.

ENVIRONMENTAL DOCUMENTATION

The establishment of radar enforcement, including the installation of related traffic control devices required to notify the motoring public, is categorically exempt under Class 1-(x)7 of the Environmental Guidelines approved by your Board.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Not applicable.

CONCLUSION

At such time as this recommendation may be approved, please return one copy of this letter to Public Works.

Respectfully submitted,

JAMES A. NOYES
Director of Public Works
